Safety Instructions:

- Ensure that the fibre funnel is not used for direct contact with food.
- Wear protective equipment when handling hazardous substances.
- Draw attention to the risk of injury from sharp edges or corners of the product.
- Store and use the product out of the reach of children.
- Before use, ensure that all parts are securely fitted.
- Provide the instructions for use and safety information in an understandable language.
- Before use, ensure that the bevelled funnel is suitable for the intended purpose.
- Risk of collision if handled incorrectly; work carefully.
- Always close the lid securely to prevent contamination from entering.
- Avoid overfilling the collection area to prevent overflowing and soiling.
