Article Numbers: 463466, 463465

Safety Instructions:

- Danger of flammable liquids: Only use the drum pump in explosion-protected areas (zones 0 and 1).
- Ensure that the electrical conductivity is maintained in accordance with safety regulations.
- The drum pump must be properly installed and maintained.
- Only use the drum pump in well-ventilated areas to avoid vapour build-up.
- Wear suitable personal protective equipment, such as gloves and safety goggles, to protect yourself from splashes of flammable liquids.
- Avoid sparks and keep flammable materials away.
- The drum pump may only be operated by qualified personnel who are familiar with the dangers.
- Regularly check for leaks or damage to the drum pump and its components.
- Store flammable liquids in accordance with local regulations and safety guidelines.
