Safety Instructions:

- For internal use only in accordance with the instructions.
- Wear suitable protective equipment such as protective gloves and goggles when using chemicals.
- Do not use at temperatures above the manufacturer's specification.
- There is a risk of contact with chemicals if handled improperly.
- Check pipework for leaks to prevent leaks.
- Ensure that the drum pump is only used for the specified chemicals in order to avoid damage or dangerous reactions.
- The pump must not be used without supervision when it is filled with chemicals.
- Check the condition of the pump before use, especially for cracks or damage.
- The pump should be kept out of the reach of children.
