Article Numbers: 33350, 33349, 33348, 33332, 33331, 33330, 33326, 33325, 33324

Safety Instructions:

- Observe the maximum shelf load of 500 kg.
- Observe the maximum bay load of 2500 kg.
- Ensure that shelves are stable and positioned on a level surface to prevent them from tipping over.
- Suitable for commercial use, not designed for children.
- Follow the instructions carefully during installation to avoid the risk of injury and structural instability.
- Only use the product in accordance with the stated technical specifications and the intended purpose.
- Ensure that the load is evenly distributed to guarantee stability.
- Use suitable protective equipment to avoid injuries when lifting heavy loads.
- Store small parts safely and keep children away to avoid the risk of suffocation.
- Use additional chipboard for the safe storage of small parts to ensure stability.
- Avoid overloading individual floors beyond the specified load limits.
- Check all parts regularly for wear and stability.
- Suitable for indoor use, avoid exposure to the weather.
