Please note the technical data of the products!

**Article Numbers:** 33053, 33052, 33051

### Safety Instructions:

- Make sure that the shelf is properly assembled and not overloaded to prevent it from tipping over.
- When loading the shelf, observe the maximum load limit of 180 kg for a width of 1200 mm and adhere to the specified maximum loads.
- Check shelving regularly for stability, condition and damage and repair or replace if necessary.
- Use the shelf on firm and stable shelves to avoid instability.
- Avoid contact of the shelf with sharp or corrosive substances.
- When used for food storage, ensure that all hygiene standards are met and the specific requirements for chilled goods are observed.
- Adjust adjustable shelves to ensure safe use.
