Please note the technical data of the products!

Article Numbers: 33062, 33061, 33060

Safety Instructions:

- Only suitable for the storage of non-hazardous, dry foodstuffs.
- Excessive loading of the shelves can lead to breakage. Please observe the maximum load limits per shelf and do not load shelves above the maximum load capacity to avoid injury. Shelves must not be loaded above the maximum load capacity (W 900 mm = max. 200 kg; W 1200/1500 mm = max. 180 kg).
- Ensure that the shelves are stable and correctly assembled. Before use, ensure that the shelves are properly assembled and stable.
- Do not use any aggressive or abrasive cleaning agents for cleaning.
- Check shelves regularly for signs of corrosion or damage and take particular care when using in cold stores and freezers to avoid corrosion.
- Place the shelf on a secure, level surface to prevent it from tipping over.
- When storing food, ensure that the hygiene standards are observed. Suitable for food storage - Observe hygiene requirements. Protect sharp edges or corners of the shelf from direct contact with food.
