Please note the technical data of the products!

Article Numbers: 155633, 155632

Safety Instructions:

- Not suitable for direct contact with food.
- Protect from mechanical damage.
- Suitable cleaning and disinfection methods should be used for reusable plastic products.
- Choking hazard due to small parts that can be placed in the open-fronted storage box.
- Chemicals must be stored taking into account the chemical resistance of the material.
- Ensure that the open-fronted storage box is not overloaded (maximum load capacity 20 kg).
- Keep the open-fronted storage box away from heat sources to avoid deformation.
- When used in environments subject to heavy loads, continuously check for material wear.
