Safety Instructions:

- Choking hazard due to small parts, especially if the product is used by children.
- Magnets should not be used in the vicinity of electronic devices or medical equipment, as strong magnetic fields can cause damage.
- Attach warning notices on correct handling and use to prevent injuries due to improper use.
- Provide clear instructions for the safe use and installation of the magnets.
- Products should be safe for the intended use in a vision and should not be sold as toys for children to avoid the risk of confusion.
