Safety Instructions:

- Ensure that the product is stable to prevent it from tipping over. Ensure that the product is only placed on level and stable surfaces.
- Avoid overloading the product beyond the recommended weight limits. Observe the maximum weight limits of the small parts magazine to prevent stability problems.
- Keep children away from the product when it is not in use to avoid injury.
- Regularly check the castors and steering mechanisms for proper functionality. The swivel and fixed castors should be checked regularly for good functionality to ensure safe mobility.
- Follow the installation and operating instructions carefully to minimise the risk of injury.
- Take care to keep heavy or sharp-edged objects away from the surface of the small parts magazine to avoid injury.
- Users should observe the safety information in the operating instructions and check regularly for updates.
