Safety Instructions:

- Before use, ensure that the shelf is correctly assembled and that the assembly instructions have been followed to ensure safety.
- The shelf must not be overloaded and heavy objects should be placed in the lower rows to ensure stability.
- Ensure that the shelf is mounted on a stable, level surface to prevent it from tipping over.
- The shelf may only be used with the maximum load capacity specified in the technical data.
- There is a risk of injury if used or installed incorrectly.
- The storage of chemical substances or hazardous goods is not permitted unless provided for.
- Warnings and instructions for safe use must accompany the product.
- Do not use the shelf to store flammable or explosive materials.
- Do not use the shelf if it is visibly damaged.
