Safety Instructions:

- Please ensure that the shelf is stable and properly assembled to prevent it from tipping over or falling.
- Always store heavy objects at the bottom of the shelf to increase stability.
- Avoid overloading the shelf or exceeding the specified weight capacity to prevent structural damage.
- Make sure that small parts are securely stowed in the open-fronted storage boxes to reduce the risk of spillages.
- Keep the shelf away from children to avoid injury from tripping or climbing.
- Training users in the safe handling of the racking, especially when loading and unloading.
- Regular maintenance and inspection of the shelving for signs of damage or instability.
