Safety Instructions:

- Ensure that the product is not used near water or electrical appliances to avoid electrical hazards.
- Choking hazard due to improper handling or small parts, not suitable for children under 3 years of age.
- Risk of injury due to rapid retraction of the belt; always use the hold-open device and do not pull back by force.
- Tape only suitable for measuring; do not pull or load.
- Use by children only under adult supervision and keep the product out of their reach.
- Beware of sharp edges on the belt to avoid injury.
- The product is impact-resistant, but extreme impacts should be avoided in order to increase the service life.
- Check the functionality of the product regularly to ensure that it is safe to use.
- Avoid using on uneven surfaces or in hazardous environments to prevent injury.
- Store excess tape safely to avoid tripping.
- Follow the safety instructions for using the tape measure exactly to avoid accidents.
