### Safety Instructions:

- Choking hazard due to small parts, especially if used incorrectly. Not suitable for children under 3 years of age.
- Only use the product in accordance with the enclosed instructions. In the event of improper use, possible health hazards must be observed.
- Compliance with the general safety requirements in accordance with the General Product Safety Regulation.
- Check the product for damage before use to avoid injury. In the event of damage to the product, especially the measuring scale, ensure that no measurements are taken until the problem has been rectified.
- The product may not be used by persons under the age of 14 without adult supervision.
- Ensure that the measuring bar is fixed in a stable position and is used on a stable surface to avoid accidents.
- To avoid damage, do not use the depth caliper in damp or corrosive environments.
- Only use the depth caliper for its intended purpose.
