Safety Instructions:

- Only use the product on stable, non-slip surfaces to prevent it from tipping over.
- Ensure that the magnetic base is clean, free of foreign objects and firmly seated on the surface before using the device to prevent it from falling over.
- Make sure that the mechanical centre clamp is working properly to ensure a secure mount.
- Wear suitable protective equipment, such as gloves, to avoid injury from sharp edges or moving parts.
- Avoid contact with electrical components to minimise the risk of electric shock.
- Caution: Strong magnetic fields. Keep away from electronic devices.
- Do not use near metal objects to avoid unintentional movements or falls.
- Check the screws and other fastenings regularly for tightness.
