### Safety Instructions:

- Caution: Sharp edges or points can cause injuries.
- The batteries must not be overheated, taken apart or thrown into a fire.
- This product is not suitable for children under the age of 14. Please keep the product out of the reach of children.
- Not suitable for children under 3 years of age due to small parts that can cause a choking hazard.
- Risk of electric shock if electrical components are handled incorrectly. To avoid the risk of electric shock, do not use the device in a damp environment or near water.
- Correct handling is required to ensure accurate measurements. When using the device, ensure that it is placed on a stable and level surface to avoid inaccuracies.
- Make sure that there is no strong magnetic field in the vicinity to prevent measurement errors.
