Safety Instructions:

- Use suitable protective equipment such as safety goggles and gloves to avoid injury.
- The product is not a toy and is not suitable for children. Keep it away from children.
- Take care not to use the product near electrical cables to avoid the risk of electric shock.
- Ensure that the rubber handle is in good condition and firmly attached to prevent slipping.
- Regularly check the condition of the hammer for wear or damage and remove it from service if it is damaged.
- Read the user manual carefully before use to ensure safe handling.
- The product should only be used for the intended application areas such as assembly and repair work.
- There is a risk of suffocation due to improper handling of small components or the nylon impact head.
- Contact a specialist if you are unsure about the application.
