Article Numbers: 713581, 713579, 713578, 713577, 713576, 713575, 713574, 713572, 713571, 713570, 710921

Safety Instructions:

- Choking hazard due to small parts. Not suitable for children under 3 years of age as small parts are included.
- Risk of ignition in the event of overheating or improper use. Do not store the product near fire or extreme temperatures.
- Only use the product in its intended area of use. Improper use can lead to injury or damage.
- Avoid contact with sharp or flammable objects. Strong impact can lead to damage.
- Check the product for visible damage before use and do not use if damaged.
- Only for intended use by adults or under adult supervision. Keep out of reach of children.
- Suitable for special applications such as recoilless work; wear suitable protective equipment such as safety goggles.
- In the event of damage, take the product out of operation immediately and replace it.
- Use protective equipment, such as safety goggles and gloves, to minimise mechanical risks.
