Safety Instructions:

- Read all instructions and safety information carefully before using the appliance for the first time.
- Only operate the appliance with the specified mains voltage (220-240 V / 50 Hz).
- Ensure that the wet and dry vacuum cleaner is not operated on electrical appliances or liquids that could cause an electric shock.
- Only use the integrated socket for appliances that are suitable for operation with the vacuum cleaner.
- Keep the appliance away from children, especially when it is in operation.
- To avoid injury, do not operate or dismantle the vacuum cleaner improperly.
- Ensure that the container is emptied regularly to avoid overloading and breakdowns.
- Disconnect the appliance from the power supply before maintenance.
