Please note the technical data of the products!

Article Numbers: 700675, 700673, 700672

Safety Instructions:

- Beware of cuts during use.
- Wear suitable personal protective equipment (e.g. safety goggles and gloves) to avoid skin and eye injuries.
- Do not exceed the maximum speed: 6600 min⁻¹, 8500 min⁻¹, 12200 min⁻¹, depending on the respective cutting disc.
- Only use for aluminium, not for other materials.
- Avoid direct contact with the cutting disc while the appliance is running due to high temperatures and sharp edges.
- Ensure that the cutting disc is securely and correctly fitted before operating the appliance.
- Check the cutting disc regularly for cracks or damage and replace it immediately if necessary.
- High-speed rotation can lead to injuries, therefore wear suitable protective equipment.
- The use of eye and ear protection is recommended during operation.
- Observe the safety information on the packaging.
