Please note the technical data of the products!

Article Numbers: 721954, 721953, 721951, 721950, 721949, 721948, 721947

Safety Instructions:

- Wear protective goggles and gloves to avoid eye injuries from particles and hand injuries.
- Suitable only for trained personnel or persons who are familiar with the handling.
- Use only for the intended purpose and avoid overloading.
- Ensure that the tool is suitable for the brush and is properly secured to avoid injury.
- Danger to life due to improper use; wear appropriate protective equipment.
- Do not use the brush in damp or wet conditions to avoid the risk of electric shock.
- Only use the brush in a well-lit, obstacle-free environment with suitable personal protective equipment.
- Do not use if there are signs of wear or damage.
- Keep away from children to avoid the risk of choking on small parts.
- The brush must not be operated above its maximum speed in order to minimise the risk of material failure and injury.
- Do not use the brush near flammable materials to avoid the risk of fire.
- Only use the brush at the recommended speeds to avoid overheating and damage.
- Keep the working environment clean and free of debris to avoid slipping or tripping.
- Avoid skin contact with silicon carbide; in case of contact, rinse thoroughly with water.
- Clean and store the brush carefully after use to prevent damage.
- Take appropriate safety precautions to avoid injuries from flying parts.
