Safety Instructions:

- Do not exceed the maximum speed of 12000 min⁻¹. Use suitable protective devices to prevent overheating and possible injury.
- Wear safety goggles and face protection to prevent injury from falling parts and to protect against dust and particles.
- Take protective measures against dust and noise, including the use of suitable respiratory masks, to minimise health risks.
- Use the product safely and for its intended purpose to avoid accidents.
- Do not use if the equipment is damaged or faulty. Observe the manufacturer's safety instructions.
- Use only recommended in well ventilated areas to minimise health risks.
- Only use with suitable machines equipped with safety devices.
- Read the manufacturer's instructions carefully before use.
- Avoid contact with the skin and eyes during application.
