

Product Safety Information

Cut-off wheel XT10 D230x1,9mm cr.INOX bore.22,23mm RHODIUS

Manufacturer/Responsible Person: RHODIUS Abrasives GmbH, Brohltalstr. 2, 56659 Burgbrohl, Deutschland

E-Mail: service@rhodius.eu

Please note the technical data of the products!

Article Numbers: 700720, 700719, 700717, 700716, 700715

Safety Instructions:

- Risk of suffocation from flying parts if cut quickly.
- Wear safety goggles to avoid eye injuries and when cutting and working with the cutting disc.
- Wear protective gloves to avoid cuts.
- Use only for the intended purpose to avoid accidents.
- There is a risk of fire due to flying sparks if used incorrectly.
- Use only for materials specified in the product description and not for other applications.
- Do not exceed the maximum speed: 8500min⁻¹ and 12200min⁻¹, according to the specifications.
- Make sure that the cutting disc is fitted correctly to avoid splintering.
- Be aware of flying sparks and observe suitable protective measures and safety distances from flammable materials.
- Check the cutting disc for cracks or damage before use.
- Use suitable protective clothing, including safety goggles and hearing protection, to avoid injury from flying sparks and high noise levels.
- Do not overload the cutting disc to avoid overheating and component failure.
- Work in well-ventilated areas to avoid smoke development.
- Sharp blade material - be careful when handling the cutting disc.
- Use a suitable coolant, do not cool directly with water to avoid cracking.
