Article Numbers: 700818, 700817, 700816, 700815, 700813, 700812

Safety Instructions:

- Use only with suitable angle grinders to ensure safety.
- Do not exceed the maximum speed: 12200 rpm for some applications, 13300 rpm for other applications. Pay attention to the specified speed for the respective device.
- Check the viewing window regularly during operation to detect damage and prevent accidents.
- Wear safety goggles and face protection to prevent injuries from flying splinters. If necessary, also use hearing protection to protect yourself from noise.
- To prevent malfunctions, do not damage or drop the disc.
- Avoid using near flammable materials to minimise the risk of fire.
- For professional users only; observe the safety instructions for the use of abrasives.
- Only use electrical operation with suitable protective equipment and ensure correct use to avoid injury from flying sparks.
- The use of the disc in combination with non-compliant devices should be avoided. Ensure that the angle grinder used is compatible with the disc.
- Not suitable for contact with food.
