Please note the technical data of the products!

Article Numbers: 700870, 700869, 700868, 700867, 700866, 700865, 700863, 700862

Safety Instructions:

- Wear safety goggles to avoid eye injuries caused by metallic particles, sparks and dust.
- Use a suitable respirator to prevent inhalation of dust and abrasive particles.
- Wear protective clothing and gloves to avoid skin contact with abrasive materials and injuries from sparks.
- Do not use the product in the vicinity of flammable materials, as sparks may occur.
- Check the sanding belt regularly for damage and do not use damaged belts.
- Not suitable for use by children: Danger from mechanical parts.
- Switch off the machine before maintenance work and when not in use to avoid injury.
- The use of suitable personal protective equipment (PPE), such as safety goggles and gloves, is recommended.
- Secure the workpiece during sanding to avoid injury.
- Before working on machines, ensure that all safety devices are intact and that the work area is free of hazards.
- Switch on suitable personnel for the use and handling of the sanding belt.
- Suitable for business and commercial applications. Not recommended for private applications unless prior training is provided.
- Exposure to noise from grinding work; use hearing protection.
- Ventilate the interior well to minimise dust and vapours.
- Only use the machine in accordance with the operating instructions. Observe the manufacturer's product safety instructions.
