Safety Instructions:

- Use only under the supervision of specialised personnel.
- Wear safety goggles to avoid eye injuries from sparks, grinding dust and material removal.
- Wear suitable gloves and protective clothing to prevent injuries and skin irritation.
- Keep the product out of the reach of children to avoid injury.
- Do not exceed maximum speeds: 16200 min⁻¹, 25700 min⁻¹, 29800 min⁻¹, 34000 min⁻¹, 38100 min⁻¹, 41100 min⁻¹, 47700 min⁻¹, 52000 min⁻¹, 54000 min⁻¹, 59600 min⁻¹, 62800 min⁻¹, 72800 min⁻¹, 93600 min⁻¹, 95400 min⁻¹, 130700 min⁻¹, 149500 min⁻¹, 175100 min⁻¹, 206100 min⁻¹, 201800 min⁻¹ to prevent overheating, breakage and accidents.
- Use a suitable coolant to prevent overheating.
- Use only for the intended purpose and prevent damage due to incorrect use.
- Ensure that the workpiece is securely fixed and the tool is properly mounted.
- Use suitable personal protective equipment (PPE) such as hearing protection and respiratory protection to avoid noise and dust.
- Check for damage before use and ensure that the mounted point is securely fastened.
- Do not use near flammable materials.
- Keep the working environment clean and free of obstacles to avoid accidents.
- Keep the work area clear of unauthorised persons to prevent injuries.
- If there is a possibility of dust formation, wear suitable respiratory protection to prevent inhalation.
- Avoid skin contact with sanding dust and the abrasive.
- Not suitable for use by children or untrained persons.
- Read and follow the safety instructions carefully before use.
