Safety Instructions:

- Beware of injuries caused by rapid rotation of the brush; wear suitable protective clothing.
- Avoid skin and eye contact with the wire bristles.
- Use only for the intended use in the intended application.
- Never exceed the maximum speed of 12500 min⁻¹.
- Do not use the brush on defective or damaged machines.
- Caution: High speeds up to 12500 min⁻¹. Wear protective equipment such as safety goggles and hearing protection.
- Do not use in the vicinity of flammable materials.
- The brush can break or fall off if handled incorrectly, so always keep a safe distance when working.
- Small parts and pieces of wire can be removed and pose a choking hazard.
- For safe operation, proceed in accordance with the manufacturer's installation and application instructions.
