Please note the technical data of the products!

Article Numbers: 701257, 701256, 701255

Safety Instructions:

- Risk of suffocation due to inadequate eye protection when using the cutting disc.
- Risk of cutting due to improper handling of the cutting disc.
- Risk of injury due to possible fragmentation of the cutting disc during operation.
- The product should only be used with suitable protection (safety goggles, gloves).
- Suitable safety instruction is required for the use of cutting discs.
- The maximum speed of 6600 min⁻¹ must not be exceeded.
- Before use, ensure that the tool is properly installed and secured.
- Wear safety goggles to avoid eye injuries from sparks or splinters.
- Use suitable protective gloves to protect hands from cuts.
- Only operate the appliance at the maximum speed of 12,200 min⁻¹.
- Only use on suitable material to avoid overheating and undesirable reactions.
- Risk of suffocation due to dust particles produced when cutting materials.
- Skin irritation due to contact with sharp-edged workpieces.
- Attention: Only use in suitable machines, do not exceed the maximum speed (13,300 min⁻¹).
- Do not use in the presence of flammable materials to avoid flying sparks.
