Safety Instructions:

- Wear suitable personal protective equipment (PPE) such as safety goggles, gloves and a respirator during use to protect your health.
- Use only in well ventilated areas to minimise exposure to dust and vapour.
- The product is not suitable for children and should be kept out of the reach of children.
- If skin or eye irritation occurs, seek medical attention.
- Keep a safe distance from flammable materials to avoid the risk of fire.
- Store the product safely, protect it from extreme temperatures and store it in dry, cool and well-ventilated areas.
- Check the sanding belt regularly for wear and damage to minimise potential hazards.
- The sanding belt may only be used with the machines intended for this purpose and should be fitted correctly.
- Avoid contact with water or damp environments to reduce electrical hazards.
- Dispose of the product in accordance with local regulations for industrial waste.
- Noise and dust protection measures should be used to minimise hearing damage and health risks from dust.
- Ensure that all safety precautions are installed on the grinder to prevent injury.
- Do not operate the product above the recommended speed to avoid overheating or damage.
- Wear protective gloves and safety goggles to avoid injury from sharp edges or sanding dust.
- Ensure that the machine is properly maintained and operated to minimise hazards.
- Use the product only for its intended purpose to prevent unsafe use.
- Make sure to check the product for damage before use.
- Always follow the manufacturer's instructions regarding use and maintenance.
- Do not use near open flames or sparks to prevent ignition.
