Safety Instructions:

- Wear safety goggles and hearing protection when cutting materials to avoid injury from sparks or noise.
- Use protective equipment during operation to prevent injuries from falling parts or splinters.
- Read the operating instructions carefully before use and follow all instructions.
- Do not operate the cutting disc above the recommended speed to avoid breakages and injuries.
- Use only in conjunction with suitable personal protective equipment.
- Before use, ensure that the safety cover is undamaged.
- When using diamond-coated cutting discs, adhere to the applicable safety standards.
- No direct contact with the blade during operation.
- Ensure that the tool is in perfect condition and that the tile cutter is used in accordance with the manufacturer's recommendations.
- Adopt a positive standing position while cutting to minimise the risk of injury.
