Article Numbers: 701648, 701646, 701645, 701644, 701643, 701642, 701640, 701639, 701638, 701637

Safety Instructions:

- Use respiratory masks to avoid inhaling sanding dust.
- Wear safety goggles to protect your eyes from sanding dust and splinters.
- Protect the skin from direct contact with the abrasive cloth to avoid irritation; wear protective gloves.
- Use the sander in accordance with the manufacturer's instructions to avoid hazards due to improper use.
- Only use in a suitable, well-ventilated place to minimise exposure to dust.
- Danger of flying sparks and fire when used with flammable materials. Keep away from naked flames, heat sources and flammable materials.
- Do not use for processing sharp edges or uneven surfaces.
- Suitable for metalworking, ensure that material and operating conditions are compatible.
- Set the product and sanding machine correctly and check regularly for damage.
- Keep the product out of the reach of children (under 3 years of age) to avoid accidents and the risk of choking.
- If handled incorrectly, there is a risk of skin irritation, cuts and harmful exposure to sanding dust.
- Do not use above the maximum permissible speed of the grinding machine.
- Protect fingers and hands from sharp edges and hot surfaces.
- Use of suitable personal protective equipment (e.g. safety goggles, respirator mask and gloves) is recommended.
- The product is not suitable for contact with food.
- Follow the safety instructions exactly and check regularly.
