

Product Safety Information

Fiber disc CS 561 D.180mm K.120 f.HO/metal corundum KLINGSPOR

Manufacturer/Responsible Person: Klingspor Schleifsysteme GmbH & Co. KG, Hüttenstr. 36, 35708 Haiger, Deutschland

E-Mail: verkauf@klingspor.de

Please note the technical data of the products!

Article Numbers: 701768, 701767, 701766, 701765, 701764, 701762, 701761, 701760, 701759, 701758, 701757, 701755, 701754, 701753, 701752, 701751, 701750, 701748, 701747, 701746, 701745, 701744, 701743, 701741, 701740

Safety Instructions:

- Observe precautionary measures against electric shock if the product is used improperly.
- The maximum speed must not be exceeded: 8500 min⁻¹, 12000 min⁻¹ or 13200 min⁻¹ to avoid injury or material damage.
- Wear safety goggles and hearing protection when sanding to protect against sparks, dust and noise.
- Wear a suitable respirator to avoid harmful dust particles.
- Securing the grinding disc and the workpiece to prevent them from falling out or flying off during operation.
- Do not use near flammable or damp materials to minimise the risk of fire or electric shock.
- Check the product for damage before use and dispose of defective parts properly.
- High-speed operation: Ensure that the disc is fitted correctly and that the safe speed is maintained, especially at speeds of 8500 min⁻¹, 12000 min⁻¹ and 13200 min⁻¹.
- Use only for the intended application in woodworking and metalworking to avoid hazards.
- Avoid contact of the abrasive with skin and eyes.
- Only use on suitable machines in compliance with the specific safety regulations.
- Keep the working environment clean to minimise the risk of accidents due to environmental influences.
- Ensure that inadequately trained persons or children do not work with the tool.
- Dispose of abrasives in accordance with local regulations for environmental compatibility.
