Safety Instructions:

- Observe maximum speed: Do not exceed 15900 min⁻¹, 19100 min⁻¹, 26000 min⁻¹ to avoid overheating and material failure.
- Wear safety goggles to prevent eye injuries from sanding dust and falling particles.
- Use hearing protection to avoid noise damage.
- Use a suitable respirator to prevent inhalation of harmful substances.
- Avoid skin contact with sanding dust, wear gloves if necessary.
- Beware of choking hazard due to small parts.
- Use appropriate personal protective equipment (PPE), including gloves and safety goggles.
- When working on light metals, use grinding oil or grease to prevent overheating and the risk of slipping.
- Only use the product with suitable machines and for the intended materials.
- Check for damage before use and follow all safety instructions provided by the manufacturer.
- Keep the product out of the reach of children.
- Not suitable for use in humid conditions.
- Wait until the machine has come to a standstill before carrying out any work on the machine or the abrasive sleeve.
