Safety Instructions:

- The product may only be used by trained personnel or adults.
- Wear suitable protective equipment (e.g. safety goggles, gloves) to avoid injury.
- Keep the product out of the reach of children to avoid the risk of suffocation and injury.
- Do not use in the vicinity of children.
- Ensure that all tools are only used for their intended purpose and are compatible.
- Include safety information and instructions for use in a clearly visible location and in plain language.
- Do not use in damp environments or near flammable materials to avoid hazards.
- Before use, check all parts of the tool for damage and ensure that it is properly maintained.
- Ensure that all locking pins and rings are properly installed before use.
- Read the instructions and safety information carefully before use.
- Only use on a stable base and anchor the insert securely in the tool.
- Use suitable tools and methods to prevent damage due to overloading.
- Regularly inspect the tool for wear or damage.
- Intended for commercial users only.
- Store the product in a dry place and avoid moisture.
- Risk of electric shock: Do not touch any electrical contacts during operation.
