Safety Instructions:

- Use only for its intended purpose; use the product only in accordance with the manufacturer's instructions.
- Read the safety information and instructions carefully before use and enclose them.
- Ensure that personal protective equipment is used, including safety goggles and gloves.
- When using impact wrenches, attach the tool securely and observe the maximum torque limit.
- Before use, ensure that the product is properly assembled and in working order; if damaged, have it checked immediately.
- Avoid contact with skin, eyes and electrical components to prevent injuries and electric shocks.
- Do not use the product near water, open flames or heat sources; store in a safe environment.
- The product should only be used by trained or specialised personnel.
- Store and use out of the reach of children; childproof storage and supervision recommended when used by adults.
- Choking hazard due to small parts; not suitable for children.
- Recognise the risk of injury due to improper use and follow safety precautions.
