Safety Instructions:

- Ensure that the tool or product is in good condition and is not damaged to minimise the risk of breakage.
- Always wear safety goggles to avoid eye injuries from flying splinters.
- Keep the work area free of obstacles to avoid tripping hazards.
- Keep the tool or product out of the reach of children to prevent injury.
- Avoid improper use to prevent injuries caused by uncontrolled movements or sharp edges.
- Not suitable for children. There is a choking hazard due to small parts, especially for children under 3 years of age.
- Risk of injury from sharp edges and points; caution required when handling.
- Always use suitable personal protective equipment such as gloves and safety goggles.
- Do not mix or use the product improperly; always follow the manufacturer's instructions.
- Only use the product for its intended purpose to ensure safety.
- Find out about the correct instructions for use to avoid injury.
