Safety Instructions:

- For safe use of the tool, wear adequate protective equipment, e.g. safety goggles and gloves, and avoid contact with eyes and hands on moving parts.
- Only use the tool for its intended purpose and in accordance with the instructions to minimise safety risks.
- Read the handling instructions and operating instructions carefully before use; observe the enclosed safety instructions and warnings.
- Check tools regularly for damage and functionality and take appropriate measures in good time if necessary.
- Keep the tool away from children and untrained persons and do not allow unsuitable persons to use it.
- Avoid use in the event of improper use, overloading or in hazardous environments.
