Safety Instructions:

- Only use the product for its intended purpose.
- Read and follow the safety instructions before use.
- Ensure that the tool is in good condition and is not damaged.
- Do not work with damaged tools and replace them immediately if they are damaged.
- Be aware of the risk of injury due to improper use.
- Not suitable for children and keep out of their reach.
- Wear suitable personal protective equipment such as gloves and safety goggles during use.
- Always wear eye protection to protect yourself from flying objects and tool shavings.
- Do not overload the spanner to avoid material damage.
- Keep the work area clean and tidy to avoid accidents.
- Do not use on sensitive or slippery surfaces.
- Before using the product, ensure that it is suitable for the respective application.
- To avoid breakage, do not use the combination spanner if strong contact pressure or excessive force is applied.
- Keep the tool away from high temperatures and moisture to prevent corrosion.
- Not suitable for use with electrical components or hazardous substances.
- Do not use on damaged or worn screws to prevent slipping.
