Safety Instructions:

- Only use the combination spanner for its intended purpose and in accordance with the manufacturer's instructions in order to avoid damage or injury.
- Always wear personal protective equipment, such as protective gloves and safety goggles, to avoid injury.
- Make sure that the spanner is properly seated and in good condition before using it to prevent slipping and injury.
- Keep the work area clean and free of obstacles to avoid falls or injuries.
- Do not use the key if it is damaged or defective and check it regularly for cracks or other damage.
- Keep the tool out of the reach of children and note that it is not suitable for children under 3 years of age and, without supervision, for children under 16 years of age.
- Safety precautions must be observed when using the tool in order to avoid injuries or accidents.
- Protect yourself from injury by keeping a sufficient distance from moving parts and avoid using the appliance on slippery, unstable surfaces.
- Please note that the combination spanner is not suitable for use in extreme conditions (e.g. high humidity, extreme cold or heat).
- Do not load beyond the technical specifications or maximum torque limits to avoid damage or safety risks.
- Follow the manufacturer's instructions for the safe use and maintenance of the product.
