Safety Instructions:

- Only use the ratchet spanner on bolts and nuts for which it is suitable.
- Ensure that the key is checked for damage before use and is in good condition to prevent accidents.
- Wear suitable personal protective equipment such as protective gloves and safety goggles to avoid injury.
- Avoid using excessive force to minimise the risk of injury or damage to the tool.
- Keep the work area clean and free of obstacles to avoid falls and tripping hazards.
- The spanner should be used for its intended purpose and area of application; improper use can lead to injury and damage.
- The product should be kept out of the reach of children to prevent injury from improper use.
- Ensure that the product is used safely and in accordance with the manufacturer's instructions.
- Make sure that nobody is standing nearby when you are working with the tool.
- Protection against overheating and direct exposure to flames: Never overheat the tool or use it in the vicinity of fire.
- Read the user manual before use and follow all safety instructions.
- Check the product regularly for wear and tear or damage to minimise safety risks.
- Ensure correct handling to avoid injury.
- Do not use if damaged or worn to minimise safety risks.
- Always wear suitable personal protective equipment when using power tools.
- Store in a dry and safe area to prevent rusting and corrosion.
