Safety Instructions:

- Only use the key for its intended purpose to avoid damage or injury.
- Ensure that the key is in good condition and is not cracked or damaged before using it.
- Avoid excessive pressure, as this can lead to bending or breaking of the key.
- Wear suitable protective equipment, such as gloves and safety goggles, to avoid injury.
- Keep the key out of the reach of children.
- Avoid using the key in damp environments to prevent corrosion.
- Store the key in a dry, safe place to prevent rust and damage.
- Keep the work area clean and well lit to avoid accidents.
- Use with caution, especially in the vicinity of electrical installations.
- Regularly check the key for wear or damage.
- There is a risk of injury due to slipping or high temperatures if used incorrectly.
- Do not use as a lever tool to avoid breaking.
- Use only recommended by adults or under supervision.
