Safety Instructions:

- Before use, ensure that the locking pin is correctly inserted and tightened. Check the condition of the locking pin regularly and replace it if there are signs of wear or damage.
- Improper use or manipulation of the tools is not permitted. Improper handling may result in injury due to mechanical wear or failure of the tool.
- Do not store products near children.
- Read the supplier's instructions carefully before use. Please only use the product in accordance with the manufacturer's instructions.
- Make sure you wear suitable personal protective equipment (e.g. safety goggles and gloves) when using the power screwdriver.
- Keep the area around the work surface free of obstacles and secure it against unauthorised access.
- Use only by trained persons is recommended to minimise the risk of improper use.
