Safety Instructions:

- Wear safety goggles and protective gloves to avoid eye injuries and cuts.
- Only use the tool as intended to avoid injury.
- Do not continue to use if there is visible damage or wear.
- Keep the product out of the reach of children to avoid the risk of injury.
- Only qualified personnel should operate the tool.
- Ensure that all personal protective equipment, such as safety shoes, is worn as the product is heavy (5.1 kg).
- Regularly check for damage and do not use defective tools.
- Before each use, ensure that the tool is undamaged and working properly.
- Do not overload the tool or use it in extreme conditions.
- Ensure safe and dry storage to prevent rust formation.
- Do not use near water or electricity to avoid electrical hazards.
- Keep the product and tools out of the reach of children and not suitable for children under 8 years of age.
- Read and follow the enclosed safety information.
- Avoid contact with skin due to sharp edges.
- Never use the product at high temperatures or extreme heat to avoid material failure.
