Safety Instructions:

- For use by trained personnel only. Recommended under adult supervision, not suitable for use by children under 3 years of age.
- There is a risk of injury if used incorrectly. Draw attention to possible dangers.
- Only use the tool for its intended purpose and in the correct size to avoid damage and injury.
- The product is non-sparking, but it should not be used in potentially explosive atmospheres or in the vicinity of flammable materials.
- Wear suitable protective equipment, especially gloves and safety goggles, to avoid injury.
- Do not use the tool on electrical components or in the vicinity of hot or electrical equipment to minimise the risk of electric shock and burns.
- Ensure that the tool is checked for damage before each use.
- Keep the work area clean and well lit to avoid accidents.
- The key should be kept out of the reach of children.
- Ensure that the spanner is suitable for the application and that no excessive force is used to avoid injury.
- Clean after use and store safely.
