Safety Instructions:

- Cutting tools are sharp, so care must always be taken when using them.
- Do not cut against solid surfaces to avoid damage and injury.
- Keep children away from the replacement blade; only allow adults to use it, as there is a risk of injury to children.
- Improper use can result in serious injury; therefore always use in accordance with the instructions.
- Use safety goggles to protect your eyes from injury.
- Store safely after use to avoid accidents.
