### Safety Instructions:

- Use of suitable personal protective equipment recommended, in particular safety goggles and gloves, to avoid injury.
- Keep the pliers out of the reach of children as they harbour dangers.
- Only use the pliers for their intended purpose in order to avoid damage or accidents. Observe the operating instructions.
- Ensure that the pliers are properly stored and securely fastened to prevent injuries from falling parts.
- Avoid overloading the pliers to prevent injuries due to material failure. Overloading can lead to damage.
- Make sure that your hands and other parts of your body do not get into the working area while the pliers are being operated to avoid injury.
- Check the pliers regularly for damage or wear to ensure safety.
- Observe the safety instructions for handling sharp or hard tools.
- The pliers should only be used by persons who are familiar with safe handling.
