Safety Instructions:

- Observe VDE insulation up to 1000V. Use only by qualified personnel on live parts.
- Do not use the pliers in the vicinity of inductive electrical fields.
- Cutting edges are induction hardened; handle with care to avoid injury. Risk of suffocation from sharp cutting edges if handled incorrectly.
- Use the integrated insulated fastening eyelet to prevent accidents.
- Avoid direct contact with water or moisture to prevent electric shocks.
- Pliers are not intended for use as drawing tools.
- Wear safety goggles to avoid injury from flying parts.
