Safety Instructions:

- Observe safety precautions when handling to avoid injury. Wear safety goggles and gloves.
- Do not overload the tool and use it in accordance with the technical specifications, in particular observe the load limits.
- If the product is damaged, take it out of operation immediately and replace it.
- Use only by adults or under their supervision, as not suitable for children. Keep away from children.
- Wear suitable protective equipment during use (e.g. safety goggles, gloves).
- After use, store the tool in a safe and dry place to prevent accidents and corrosion.
- Check for damage or defects before use to avoid accidents.
- Only use the tool for its intended purpose.
- Avoid contact with water or damp locations to prevent corrosion and electrical damage.
- Do not use near fire or extreme temperatures.
- Beware of sharp edges and risk of crushing if handled incorrectly.
- Keep the work area clean and free of obstacles.
- Avoid contact with moving parts; protect users from unwanted movements.
- Beware of risk of injury due to improper use; ensure stable handling.
- Not suitable for children under 3 years of age as small parts can be swallowed.
