Safety Instructions:

- Ensure that the tool is not damaged before using it. Discard damaged tools immediately.
- Wear protective gloves and safety goggles to avoid skin and eye injuries, especially when using under adverse conditions.
- The insert must be correctly seated in the holder and the tool must be firmly seated in the drive to prevent injuries from slipping.
- Keep products out of the reach of children. Not suitable for children under 3 years of age due to choking hazard from small parts.
- Keep the work area clean and free of obstacles.
- Do not use in the vicinity of electrical cables. Disconnect the power supply when carrying out electrical work.
- Only use tools with suitable tools and observe the maximum permissible load.
- Product contains sharp edges; handle with care. Use only under adult supervision.
- Read the instructions carefully before use and only use the product in accordance with the instructions.
- Avoid excessive pressure during use.
- Only suitable for screwing applications; improper use can lead to injuries.
