Article Numbers: 711286, 711285, 711284, 711282, 711281, 711280, 711279, 711277

Safety Instructions:

- Make sure that the product does not have any sharp edges.
- Check for cracks or damage before use to minimise the risk of sudden failure.
- Keep the product out of the reach of children and do not use near children.
- Only use the tool for its intended purpose in accordance with the manufacturer's instructions.
- Wear suitable protection during use, e.g. gloves and safety goggles, to prevent injuries.
- Only use the socket spanner insert with suitable and stable tools to avoid injury.
- Ensure that the socket spanner is only used with suitable tools.
- The socket is only suitable for fitting and removing screws with an external TORX® profile.
- Keep the work area free of obstacles and avoid unnecessary distractions.
- Ensure that the socket is securely seated on the screw before starting work.
- It should only be used by persons who are familiar with the safety precautions.
- Not suitable for use in damp or wet environments.
- Ensure that the socket spanner set remains dry and clean to prevent corrosion.
- Read the safety instructions carefully before use.
- Safety note: There is a risk of injury if used incorrectly.
