Safety Instructions:

- Not suitable for children - choking hazard due to improper use. Keep the adjustable spanner out of the reach of children.
- Ensure that the adjustable spanner is set correctly and is suitable for the task in hand to prevent damage to screws or other components.
- Use only for intended applications to avoid accidents and injuries.
- Wear protective clothing and safety goggles to prevent injuries from flying or falling parts.
- Keep the work area clean and tidy, free of obstacles and slippery surfaces to avoid accidents.
- Read the operating instructions and observe the safety warnings before use.
- Regular inspection for damage or wear and tear to ensure safety.
- Store spanners securely to prevent corrosion and slipping.
- Watch out for heat build-up during prolonged use and check the tool regularly for damage.
- Do not use on surfaces containing food, as it is not food-safe.
